Community Development Service - South East Queensland

Calling on Volunteers

Join the Saints Care volunteer community to help bring hope, peace and justice to vulnerable communities.

Community Pop Ups are activations across the community that help provide social engagement and essential items and services to struggling individuals and families. The cost of living is only increasing and mental health is at an all time high. This is one great way to help make a difference and promote the worth of all persons.

Pop ups occur monthly making it flexible for a volunteer to be involved when they can. Volunteers help with set up and pack down, make participants feel welcome and helping distribute the items.

As a volunteer you will need to obtain a QLD Blue Card and National Police check. Saints Care covers the cost for these. You will also be supported to complete a few online onboarding training modules to help equip you to carry out your role.
